DUNEVERSO

Luis Rodríguez

PROJECT MANAGER

ABOUT ME

I'm Luis, a professional with a clear focus on planning, coordination and communication between teams. I enjoy bridging departments and making sure everyone has the resources they need. I have experience coordinating interdisciplinary teams both in Spanish and English, and I like to keep learning constantly. In my free time I've been the editor of a student magazine, and I'm part of the Duneverso cultural association, where I organize events and activities. I approach new challenges with a positive mindset and enthusiasm.

EXPERIENCE

Project Manager – Content & Communication
Rumbo Alternativo *12/2025 – 06/2026*

Main clients: Vithas and Mutua Madrileña

- End-to-end management of communication and content projects for corporate and institutional clients, coordinating every phase from initial scoping through final delivery.
- Direct coordination with clients to understand needs, objectives and requirements, turning them into clear work plans, schedules, milestones and priorities for the team.
- Selection and coordination of multidisciplinary freelance teams based on each project's needs, managing design, translation, video editing, 3D and other external profiles.
- Organization of workflows into phases and production batches, allowing design, content and review to move forward in parallel to meet set deadlines.
- Management of budgets, external vendors and changes during production, anticipating issues and keeping clients and teams aligned through to project completion.

Associate Producer
Flatter Than Earth — Project: Once Upon a Puppet *11/2023 – 04/2025*

- Leading a multidisciplinary team of 30+ people, aligning workflows across different areas of the project.
- Design and implementation of a roadmap and milestone system that brought consistency to the team and improved cross-department visibility.
- Development of task and deliverable trackers, managing the backlog based on impact and cross-team dependencies.
- Responsible for testing sessions and feedback cycles, classifying issues and prioritizing their resolution.
- Supervision of external partners, ensuring on-time delivery, correct integration and consistent quality.
- Leadership of daily stand-ups, lead meetings, planning sessions and reviews to track progress, resolve blockers and support team performance.

Scrum Master (Internship)
Dairus, Spain *04/2021 – 07/2021*

- Planning and oversight of production, building roadmaps, breakdowns and trackers.
- Task tracking and assignment under two-week Agile sprints, with weekly reporting and risk analysis.

ACADEMIC PROJECTS

Howl of Iron (Vertical Slice)
U-TAD, Madrid *04/2022 – 01/2023*
